## Information on C-SEB STUDENT AWARDS

To strengthen the link between research and teaching and to encourage the pursuit of an academic career, C-SEB invites nominations for **C-SEB Student Awards**.

C-SEB Student Awards aim to honor excellent master students for their master thesis in experimental economic or psychological research that relates to C-SEB's overall topics. Master theses submitted between December 1<sup>st</sup>, 2020, and April 30<sup>th</sup>, 2021 (nomination deadline), as well as proposals for planned master theses can compete for the award.

All master students can be nominated who are/were enrolled as a student at the UoC for their master thesis and whose master thesis supervisor is a member of the *Faculty of Management, Economics and Social Sciences* or the *Faculty of Human Sciences*. Any supervisor can nominate only one student per round.

Mainly, the C-SEB Student Award is a (non-material) recognition of exceptionally promising students and their work. In addition, up to 1,500 € can be made available for carrying out the master

thesis project itself or for experimental research directly building on the results of a completed master thesis.

Financial means can be granted for as long as the award winners (1) are themselves members of the UoC (student/employee/stipend holder), or (2) conduct the research in collaboration with a researcher who is employed at or receives a stipend from the UoC.

Decisive criteria for the award are the scientific quality and originality of the project and the overall academic excellence of the student. The C-SEB Executive Board selects among the duly received nominations. The nomination deadline is **April 30<sup>th</sup>, 2021**.

Please submit the [nomination form](#), along with a description of the completed and/or planned research, the student's CV, and a laudation by the supervisor in a single PDF file to [c-seb@uni-koeln.de](mailto:c-seb@uni-koeln.de).
